

*Strengthening Rural America  
for the Benefit of All of America*

**Advocacy, Education, Participation**

**2017-2018 Membership Guide**

# The Association for Small and Rural Wireless Carriers

- RWA is a Washington, DC based trade association that relentlessly advocates on behalf of rural wireless carriers with less than 100,000 subscribers .
- RWA's mission is to ensure spectrum-based opportunities for wireless companies operating in rural America through advocacy and education.
- The key to RWA's success is active member participation.

# Engaged Membership

- Over 50 Member Companies
  - Carrier members provide wireless service to rural areas of the USA, including Alaska
- Member-Driven Committees and Policy Positions
  - Active **Board** of Directors
  - Knowledgeable and responsive **Public Policy Committee**
  - Resourceful **Education Committee** uses briefings, white papers, webinars and member teleconferences to inform and instruct.
  - **Member** driven advocacy approach

# A Strong Advocate

## Sole Focus: Ensuring policymakers hear YOUR voice.

- RWA routinely meets with congressional and regulatory staff and participates in proceedings, hearings and government briefings advocating and defending its positions.
- RWA files dozens of pleadings, comments and *ex partes* each year covering wide-ranging issues including:
  - Universal Service Reform/Mobility Fund /Connect America Fund
  - Spectrum/Auction Terms
  - Access to Devices
  - Competition

# Shaping the Platform

## Members lead the way

- Through the input of committees and members, the Board of Directors determines RWA's advocacy focus.
- Carrier members review pleadings and comments prior to filing - you can ensure your concerns are formally addressed.
- RWA committees and councils serve as focused information sharing and policy development forums and are open to all members.
- Members work with RWA's legal team to attend strategic meetings with congressional offices and regulatory agencies to ensure advocacy is laser-focused .

# Efforts with Results

## Robust Advocacy = Rural-Friendly Outcomes

- RWA is instrumental in ensuring that small rural carriers have a meaningful opportunity to participate in spectrum auctions. Working alongside industry allies, the efforts resulted in a number of recent wins.
  - Consensus-based proposal for 600 MHz Incentive Auction license areas (Partial Economic Areas or PEAs)
  - Updated Designated Entity & Competitive Bidding Rules
    - 15% Rural Provider Bidding Credit
    - Prohibitions on Certain Joint Bidding Arrangements that Include Nationwide Carriers
    - Additional Terms that Aim to Aid Small, Regional Bidders in Auctions

# Future-Focused Representation

## Advocating for a Sustainable Outlook

- RWA continues to work with the FCC to help create a sustainable Mobility Fund Phase II program that will preserve service that would otherwise not exist and expand access to LTE in areas that the market will not serve.
  - Educate FCC staff on the need for dual technology coverage to ensure public safety.
  - Advocate for eligibility that includes ubiquitous support where consumers visit and work (not only inhabited areas).
  - Assist in forming a challenge process to accurately depict wireless coverage, including signal strength and other critical measurements.
  - Grassroots activities serve as the cornerstone of our MF II efforts

# Future-Focused Representation

## Advocating for a Sustainable Outlook

- RWA is seeking reform of the current Universal Service contribution methodology.
  - Educate the current Administration, Congress and FCC staff on the need for USF contribution reform.
  - Advocate for an increase in funding for rural broadband deployment.
  - Demonstrate through fact based research the impact broadband deployment has on rural economic development.
  - Emphasize the dependence of urban America on rural America.
